

Re: Docket# 98N-1038, "Irradiation in the Production, Processing, and Handling of Food."

I want the FDA to continue prominent labeling of food that has been treated with irradiation. The label should be conspicuous and include the logo for Irradiation. 6495 '99 MAY 24 PZ 22

Additional comments:

Do not allow genetically
engineered food or crops fertilized
with sewage to be labeled "organic."
Maintain current high organic standard.
